Building Confidence

GDA Learning is fun, free and fully accessible!

From aromatherapy to ipads, from fishing to First Aid: our taster days and longer courses offer something for everyone. Whatever your age or interests - have a go, try something new!

GDA Programmes will support you to build confidence, set goals, feel more in control of your life, and help you get where you want to be!

Making Connections

Through GDA our members connect to:

- a diverse community of disabled people
- peer support: sharing experiences of barriers and creative solutions to tackle them
- information and support services
- opportunities to be heard, achieve goals and fulfil potential

“GDA provide the access and support I need to take part, learn something new, find the information I need. I’ve made friends, I’m a lot more confident. Now I’m giving something back by supporting others.”

Enabling Contributions

Disabled people have crucial skills, talents and contributions to make whether through work, learning, volunteering, supporting others, or pursuing their own goals.

GDA supports disabled people to challenge barriers and discrimination, share their voices and shape decisions and services to improve lives.

Working together for equality

Our vision is a world where disabled people can participate on a full and equal basis in all aspects of our lives, communities and society.

Disabled people know best what works, what doesn't and what needs to change to achieve this vision.

GDA supports disabled people to share their expertise with partner organisations and work together to tackle barriers and build solutions.

GDA supports partner organisations to:

- involve disabled people and harness their expertise
- make services fully accessible and effective
- make all our resources go further to improve lives and build a more equal, inclusive Glasgow
