# Working together for equality

Our vision is a world where disabled people can participate on a full and equal basis in all aspects of our lives, communities and society. Disabled people know best what works, what doesn't and what needs to change to achieve this vision.

GDA supports disabled people to share their lived experience with services, policy makers and decision makers and works together to tackle barriers and build solutions with disabled people and others.

## Building Confidence

**GDA Learning** is fun, free and fully accessible!

From aromatherapy to ipads, from fishing to First Aid: our taster days, something for everyone. Whatever your age or interests – have a go,

**GDA programmes** will support you to build confidence, set goals, fulfil your potential, improve your quality of life, and help you get where you want to be!

## Enabling Contributions

Disabled people have crucial skills, talents and contributions to make through **learning, volunteering, supporting others, or pursuing their own goals**

GDA supports disabled people to challenge barriers and discrimination, influence and **shape decision and services to improve lives.**

## Making Connections

Through GDA our members connect to:

- A diverse community of disabled people
- Peer support: sharing experiences of barriers and creative solutions to tackle them
- Information and support services
- Opportunities to be heard, achieve goals and fulfil potential
- Tackle isolation and loneliness often experienced by disabled people

*"GDA provide the access and support I need to take part, learn something new, find information I need. I've made friends, I'm a lot more confident. Now I'm giving something back by supporting others."*
